**Don't Need
A Sleeper But
Need The
Space?
Put an
Extended
ProSleeper
in its Place!**

DAYCAB CO. offers ten International kits to change sleeper trucks into daycab trucks. Five of these kits are for the International ProSleeper 9000 and 9000i series!

Our ProSleeper kits give you six additional inches of room compared with factory daycabs. Kits come complete with installation hardware and instructions. All bracing and windows are factory installed!
